

## Scoot! Magazine: Reader's Rides Questionnaire

Please fill out this form & return it with **at least four color photos** of your bike. Include one of yourself, too! The better quality & greater quantity of photos we receive, the greater your chances are of making it in the magazine. We accept photos by email or CD, but they **must** be at least 300 ppi/dpi at actual size, which makes for large files that stuff email boxes. Don't forget to note who took the pictures, so we can give proper credit.
